## The Gala Story

Gala Group was established as a family owned company with transparency, honesty and perfection as its core values. Today, it's a professionally managed organization and Ahmedabad's most respected real estate developer thriving on the same values.

The Gala Group is a team of young, dynamic and seasoned professionals who bring a bundle of fresh ideas, innovative thoughts and cutting-edge solutions to the table. These are highly motivated individuals who are always looking to come out with an offering that will appeal to the customer's taste, preference and budget.

Every project coming out of the Gala stable reflects perfection. Our efforts are aimed at bettering lives, than just creating beautiful structures. Homes or office spaces, the sincere effort to get it just right is seen at every level of planning, construction and service. Only highly skilled professionals and experts in their respective fields are assigned to ensure that the project reflects class and finesse.

After making its presence felt in Mumbai, the Gala Group is further expanding its horizon in the financial capital with Iora - an uber-luxury tower in South Mumbai.
